DESIGN CAN BE ART. DESIGN CAN BE  
AESTHETICS. DESIGN IS SO SIMPLE,  
THAT'S WHY IT IS SO COMPLICATED.

## CEO'S MESSAGE

We began our journey in the UAE and discovered that this country is truly a space for dreams that are out of the ordinary.

For MHI Design, it was a place where we could bring about our kind of change, where we could be the catalyst in designing the future and also be a part of amazing ventures that were coming up all around us. We set out to be a recognized company in terms of our quality of design, attitude and professionalism. We ended up setting the standards and eventually raising the bar. We enhanced the quality of the work environment, to making MHI Design an attractive place to flourish as individuals.

While maintaining an environmental consciousness, we constantly aim to expand in to new markets and discover new opportunities to showcase our expertise. In just a decade, we're proud to have achieved a lot. Today, we are already in our 11th year of operation. I'm loving every minute of it.

PEOPLE IGNORE DESIGN  
THAT IGNORES PEOPLE.

EVERYTHING IS DESIGNED.  
FEW THINGS ARE DESIGNED WELL.

## MISSION VISION VALUES

### MISSION

Our mission is to provide the highest standards of service to our clients, adhering to stringent quality and delivering the best in class designs and services to our clients, while ensuring exemplary career opportunities and continuous support to our society.

### VISION

Our vision is to be the leader in our activities, innovative in our technology, proactive in our management and transparent in our dealings with clients. Our vision is that MHI will be a great place to work, where people are inspired to perform the best they can.

### VALUES

Leadership, collaboration, integrity and passion are our core values. Based on these, we have built our reputation through designs, executions and services that have gained trust. We are always in touch with our clients' needs, dreams and aspirations and understand their generic and individual requirements. The culture within our workspaces is one that dwells on total commitment to our clients.

## INTRODUCTION

Mussa Hussain Interior Design (MHI Design) is a passionate team made up of ideators, designers, draughtsmen and 3D visualizes, and fronted by a Chief Engineer. We offer a comprehensive range of services from initial design to internal furnishing. Our designers and technical team work with your organization from concept to design to execution by integrating your ideas and visions with our expertise and finesse, leading to a high level of customization to meet your needs for a unique environment. Each of our team members have more than three years in the field of interior design and architecture.

The depth and diversity of MHI's team ensures an incredible geographic spread of individuals. And to top it all, our management and technical team have specialized insight into the various cultures they occupy.

It is this blend of very specific knowledge that distinguishes the MHI Design philosophy which is both contextual and specific to the different projects that we undertake. Each individual brings their own unique skills and talents to our work. This variety of thinking forms part of the complex threads of the MHI Design idea-making process.

# DESIGN IS INTELLIGENCE MADE VISIBLE

DESIGN IS NOT JUST WHAT IT  
LOOKS LIKE. DESIGN IS  
HOW IT LOOKS

DESIGN HOUSE

Our design team is made up of a diverse team. Diverse culturally, diverse educationally and diverse technology. Each one brings on to the table a different expertise and thought wave. This is what set us apart and helps deliver that ultimate smile on our client's face. Over the years our clients have experienced our trademark of thinking differently while keeping their needs and vision in the core of our every design venture.

THE DESIGN OF EACH ELEMENT SHOULD BE  
THOUGHT OUT IN ORDER TO BE EASY TO  
MAKE AND EASY TO REPAIR.

## JOINERY DIVISION

The joinery division is the backbone of our operation and an integral part of our ability to deliver the best quality and cost effective projects. The technicians and craftsmen are fully trained and our facility completely equipped to handle projects of any scale. They utilize traditional joinery techniques and combine a mixture of modern technology to build joinery to the highest possible standards. We only provide the best quality. There is no compromise.

## GLASS DIVISION

DESIGN MUST REFLECT THE PRACTICAL  
AND AESTHETIC IN BUSINESS. BUT ABOVE  
ALL, GOOD DESIGN MUST PRIMARILY SERVE  
PEOPLE.

Polished glass, beveled glass, tempered glass, sand blasted glass, decorative glass, stained glass, glass, mirrors... you name it, we make it happen in our glass division, in any size and any shape. Quality is always the primary concern. Hence, we have invested in state of the art equipment, technology and human resources with international experience.

## SOFT FURNISHING DIVISION

The professionals at our Soft Furnishing Division know how crucial it is to present your office or home in all its glory. They have the knowledge, experience and the expertise to design and execute the best quality in soft furnishings. From curtains to cushions to furniture design, they know what it takes to make the right kind of impact.
